KEEP YOUR SPIRITS MOVING.

When running a retail liquor store, having exceptional business services in place is essential for keeping track of your operations AND your customers. Liquor POS is the all-in-one software system designed exclusively for beverage retailers.

With more than 3500 installations and over 20 years of experience in the industry, our point of sale system helps you track sales, inventory, and deposits. Direct integration to card processing, makes checkout speedy and convenient for your customers. Keep your spirits moving and your customers coming back with:

- Full touch screen capability
- FREE 15,000 item database
- Ten available price levels
- Frequent buyer program
- Gift Baskets

To learn more, call 800.565.6675 or visit www.LiquorPOS.com today.

A WHISKEY-LICIOUS SELECTION FOR FATHER'S DAY CAN GRAB INTEREST & ADD PROFITS

Cynics are apt to dismiss Father's Day as a "Hallmark holiday," but it remains a top-five gift-giving day—and is traditionally very active for wine and spirits merchants. Are you ready to give gift-hunting progeny what they need to make Dad happy? And are you making sure your customers know, via displays, newsletters, signage, etc.? The surefire gift genre for Father's Day circa 2017 (June 18th this year) is whiskey. It's hot, plentiful (despite shortage fears), diverse, attractive...and, unlike wine, after opening it stays good, thus transforming into a gift that keeps on giving.

MAKE IT EASY...

Variety is the spice of life; that's the appeal behind this "Explorer" set from **Cedar Ridge Whiskey**. Comprising five 200mls—lowa Bourbon, Solera Single Malt, Single Barrel Single Malt, Malted Rye and Wheat—it's a liter of whiskey total. (SRP \$69.99; 80-92 proof; cedarridgewhiskey.com).

And if Dad is both whiskey-lovin' and cocktail-minded, he will likely get a charge out of Hochstadter's "Slow & Low" Rock and Rye in the 100ml can; the straight rye Old-Fashioned inspired by a pre-Prohibition era recipe can be enjoyed neat or over ice. (\$3.99; 84 proof; drinkslowandlow.com)

FOR DADS ON THE EDGE.

Bourbon is another easy choice. Perhaps too easy—plus, Dad already has bourbon. He probably does not have **Basil Hayden's Rye**, a new limited release from bourbon specialists. This "re-barreled" rye begins as a four-year-old traditional rye whiskey, then it is transferred for an additional seven years into newly charred quarter-cask oak barrels. (SRP \$44.99; 80 proof. basilhaydens.com)

And if Dad is a real original—or if he is a fan of hoppy IPAs—consider **Three Bines**—it's hop-flavored whiskey from Ohio. The three hops are Simcoe, Cascade and Amarillo, which should ring bells for craft beer aficionados. (SRP \$32; 90 proof; threebines.com)

PLAY IT COOL.

The classic choice is Scotch. Single malt. Traditional. Safe. But make sure it's not boring. Customers should happily trade up a notch for dear old daddio. The **Glenlivet 15 Year Old**, for instance, is a step up from the 12 Year Old, displaying added richness from extended aging in French oak, and it represents excellent value for a pedigreed single malt. (SRP \$64.99; 80 proof. theglenlivet.com)

Another appealing angle is a malt with a special wood finish, like the **Speyburn Arranta Casks** which only first-fill American oak ex-bourbon casks (SRP \$40; 92 proof).

How to Figure Gross Profits

Experience has proven that few business people know the difference between MARK-UP and GROSS PROFIT, and thus cannot figure profits properly. Keep the following schedule before you and you will find it worth many dollars in the course of a year.

MARK-UP – is the percentage of the amount you earn on COST.

HOW TO FIGURE IT – A brand costs you \$50.00 a case and sells for \$75.00 a case, or \$25.00 above your cost. Divide the cost (\$50.00) into your earnings (\$25.00) and you will get a percentage of 50%...This is your MARK-UP on COST.

GROSS PROFIT – is the percentage of the amount you earn on SELLING PRICE.

HOW TO FIGURE IT – a brand costs you \$50.00 a case and sells for \$75.00 a case, or \$25.00 above your cost. Divide the SELLING PRICE (\$75.00) into your earnings (\$25.00) and you get a percentage of 33 1/3. This is your Gross Profit on Selling Price. This means that you earn 33 1/3 cents on each \$1.00 in sales to apply to your expense of operation, which ultimately will show your net profit.

Mark-Up

Gross Profit

5% added to cost is	4.75% profit on selling price
10% added to cost is	9% profit on selling price
15% added to cost is	13% profit on selling price
20% added to cost is	16.33% profit on selling price
25% added to cost is	20% profit on selling price
30% added to cost is	23% profit on selling price
35% added to cost is	26% profit on selling price
45% added to cost is	31% profit on selling price
50% added to cost is	33.33% profit on selling price
55% added to cost is	35.5% profit on selling price
60% added to cost is	37.5 % profit on selling price
70% added to cost is	41% profit on selling price
80% added to cost is	44.5% profit on selling price
85% added to cost is	46% profit on selling price
90% added to cost is	47.5% profit on selling price
100% added to cost is	50% profit on selling price

Confusing Mark-Up and Gross Profit Can Bankrupt You

MARK-UP/GROSS PROFIT CONVERSION

MARK-UP is the percentage you earn on the **COST** of an item you sell. **GROSS PROFIT** is the percentage you earn on the **SELLING PRICE** of the item. Confuse them and you get an over-optimistic view of your business.

When you relate earnings to sales, think only of Gross Profit. In terms of sales, Mark-Up has no meaning. Gross Profit tells you what you earn--retain--on each \$1 of sales to pay you business expenses. Anything left over is net profit.

NOTE: Mark-Up percentages below are converted to Gross Profit percentages by rounding to nearest 1/10 of 1%.

MARK-UP – How to Compute It:

A brand costs you \$75 a case and brings in \$90 --\$15 above cost. Divide your earnings (\$15) by your cost (\$75) and you get a *mark-up on cost* of 20%.

GROSS PROFIT – How to Compute It:

The same brand costs you \$75 and brings in \$90--\$15 above cost. Divide your earnings (\$15) by your *selling price* (\$90) and you get a **gross profit on selling** of 16.7% -- 16.7 cents on each \$1.00 of sales -- to pay expenses.

Mark-Up

Gross Profit

10% added to cost is 9.09% profit on selling price
11% added to cost is 9.91% profit on selling price
12% added to cost is 10.71% profit on selling price
13% added to cost is 11.51% profit on selling price
14% added to cost is 12.28% profit on selling price
15% added to cost is 13.04% profit on selling price
16% added to cost is 13.79% profit on selling price
17% added to cost is 14.53% profit on selling price
18% added to cost is 15.25% profit on selling price
19% added to cost is 15.97% profit on selling price
20% added to cost is 16.67% profit on selling price
21% added to cost is 17.36% profit on selling price

Conditions of Sale

All merchandise at prevailing prices is subject to availability. Invoices not paid within two (2) weeks after due dates established by the Alcohol and Tobacco Tax Division for payment are subject to one and a half (1 1/2%) percent per thirty days late payment charges. For less than full case bottle cost, add the following:

1.5L & Larger — \$1.20
1.0L — \$1.49
500mL, 720mL & 750mL — \$1.35
100mL, 187mL, 200mL, 330mL & 375mL — \$1.35
50mL — \$0.40

All payments made on delinquent accounts apply first to late payment charge, and the balance, if any, to delinquent balance. There will be service charge of \$30.00 for all returned checks.

The price to be charged for each item during the month is filed with the Alcohol and Tobacco Tax Division (ATTD). If there is any difference between the price filed with the ATTD and the price set forth herein, the price filings shall govern.

Mule of a Different Color

The familiar fizz of a Moscow Mule—which combines vodka with ginger beer and lime, in a signature copper mug—has long been a target for simple variations. This summer, Goslings is giving the Mule a fresh kick with golden rum. The drink's summery identity is reinforced by serving in a tall, clear Collins glass—all the better to show off its golden hue. And the way the rum complements both the ginger and citrus flavors proves yet again the versatility of the spirit. ■

• Bermuda Mule

Ingredients:

2 oz Goslings Gold Seal Rum
Goslings Stormy Ginger Beer
Lime, Lemon or Orange garnish

Method: Pour rum over ice in a highball glass, then add ginger beer. Garnish with citrus.

Beverage Journal

The **Washington, DC Beverage Journal** is the official trade magazine of the licensed beverage industry of The District of Columbia.

The Washington, DC Beverage Journal publishes the official Brand Listings and of the products carried by the Licensed Beverage Distributors of Washington, DC.

In addition to the monthly hard copy of the Journal, your subscription includes electronic access to our secure web portal. This includes a PDF version of the Brand List.

Subscribing is easy.

You can simply fill out this form and return to us with a check.
(Mailing address is at the bottom.)

Or, you can sign up right at our web site:

www.beveragejournalinc.com

Simply go to the SUBSCRIBING tab on the main tool bar. You will be able to pay for your subscription with a credit card.

Finally, you could simply give us a call and we'll take care of it over the phone...
